Reasons to invest in CBDX

- ✓ **A Global Trend:** Medical Cannabis is on the verge of a transformation. CBD products are legal in over 40 countries, with others predicted to follow suit. Traditional 'big pharma' companies are investing more in R&D and acquisitions as the industry matures and grows
- ✓ **Addressing Major Medical Concerns:** Medical marijuana products can be used in the treatment of many of the world's most pressing health concerns, including cancer, mental health and stress, chronic pain, epilepsy, multiple sclerosis and arthritis
- ✓ **A Unique Product:** CBDX is the first and only UCITS ETF to deliver exposure to this exciting theme
- ✓ **Diversified:** CBDX includes companies from 9 sub-sectors within the medical cannabis industry and caps constituents at 10% to avoid concentration in large cap stocks
- ✓ **Governance:** Multiple levels of screening and oversight ensure that companies included in the index meet all required local, state and national laws, exchange listing rules and liquidity thresholds.
- ✓ **Efficiency:** In a single trade, CBDX delivers a basket of rigorously screened securities with high exposure to the medical cannabis sector
